Aurora

Summary of the Interreg Aurora Programme document

Interreg

Co-funded by
the European Union

Aurora

Priority 1

Smart and sustainable growth

Specific Objective 1.1
Smart specialisation, research and innovation

Specific Objective 1.2
Competitiveness of SMEs

**GREAT
IDEAS
KNOW NO
BORDERS.**

SMART SPECIALISATION

- **Industry**
- **Space technology**
- **Energy technology**
- **Test activities**
- **Health and healthcare**
- **Digitalisation**
- **Transport**

SMART & BEYOND

Specific Objective 1.1 Smart specialisation, research and innovation

- Create knowledge networks and cooperation between higher education institutes, businesses and the public sector
- Shared research infrastructures to enhance the uptake of advanced technologies
- Development of innovative products, services, and methods as well as new business models
- Development of arenas, programmes, tools, and methods for supporting technology transfer
- Stimulation to create a critical mass in the region that can reach out to EU Programmes such as Horizon Europe

SMART & BEYOND

Specific Objective 1.2 Competitiveness of SMEs

- B2B cooperation strengthening the use of technologies and advanced systems
- Knowledge building activities and advice increasing the preparedness of SMEs to internationalize and grow
- Linking companies based on complementarity competencies to enhance the innovation capacity and/or the formation of cross-border value chains
- Cross-border cooperation between clusters and start-up hubs

Interreg

Co-funded by
the European Union

Aurora

Priority 2

Green and sustainable transition

Specific Objective 2.1
Climate change adaption

Specific Objective 2.2
Nature protection and biodiversity

Specific Objective 2.3
Sustainable mobility

**CLIMATE
CHANGE
KNOWS
NO
BORDERS.**

GREEN & BEYOND

Specific Objective 2.1 Climate change adaptation

- Awareness raising and communication about climate changes
- Designing, adapting methods and methodologies
- Experience exchange and learning as a result of joint implementation
- Development of climate adaptation strategies and plans, risk, and vulnerability analyses
- Increased cooperation between research and locally based monitoring
- Implementation of technologies, digital solutions, tools to cope with climate change

GREEN & BEYOND

Specific Objective 2.2 Nature protection and biodiversity

- Data collection, surveys, inventory
- Designing and adapting methods
-  Joint plans and strategies
- Knowledge and best practice building and exchange, joint implementation
- Harmonisation of working methods, guidelines
- Restoration, conservation, and increased connectivity
- Methods for including stakeholders with traditional knowledge in nature management and decision-making

Specific Objective 2.3 Sustainable mobility

- **Analysis, simulations, and surveys**
- **Strategy development**
- **Plans, drawings, and designs**
- **Coordination of plans**
- **Planning and implementation of digital solutions and processes**
- **Small scale pilot actions enabling lower CO2 emissions transport systems**
- **Experience exchange activities as joint seminars, study visits, surveys, and trainings**

**GREEN
& BEYOND**

Priority 3 Education, culture and sustainable tourism

**Specific Objective 3.1
Education and lifelong learning**

**Specific Objective 3.2
Culture and sustainable tourism**

**COMPETENCE
KNOWS NO
BORDERS.**

SOCIAL & BEYOND

Specific Objective 3.1 Education and lifelong learning

- Benchmarking and improving services and methods of career counselling
- Joint efforts in the event of rapid changes in the labour market
- Encourage companies, workers, and educational institutions to participate in lifelong learning
- Develop cross-border education and training supporting entrepreneurship and business skills
- Joint cross-border products, services and marketing or accessibility and mobility solutions
- Language nests/baths

SOCIAL & BEYOND

Specific Objective 3.2 Culture and sustainable tourism

- **Joint cross-border products, services and marketing or accessibility and mobility solutions**
- **Activities to reinforce the resilience and diversification of tourism and culture sectors**
- **Development of nature-based tourism by enhancing common and cross-border solutions**
- **Strengthen the development of cultural tourism by making available and visible the culture and cultural heritage**
- **Develop culture and creative industries through refined or new cross-border products, methods services and networks**

Interreg

Co-funded by
the European Union

Aurora

Priority 4

Better and more sustainable cross-border cooperation

Specific Objective 4.1

Cross-border cooperation capacity building

MOTIVATION KNOWS NO BORDERS.

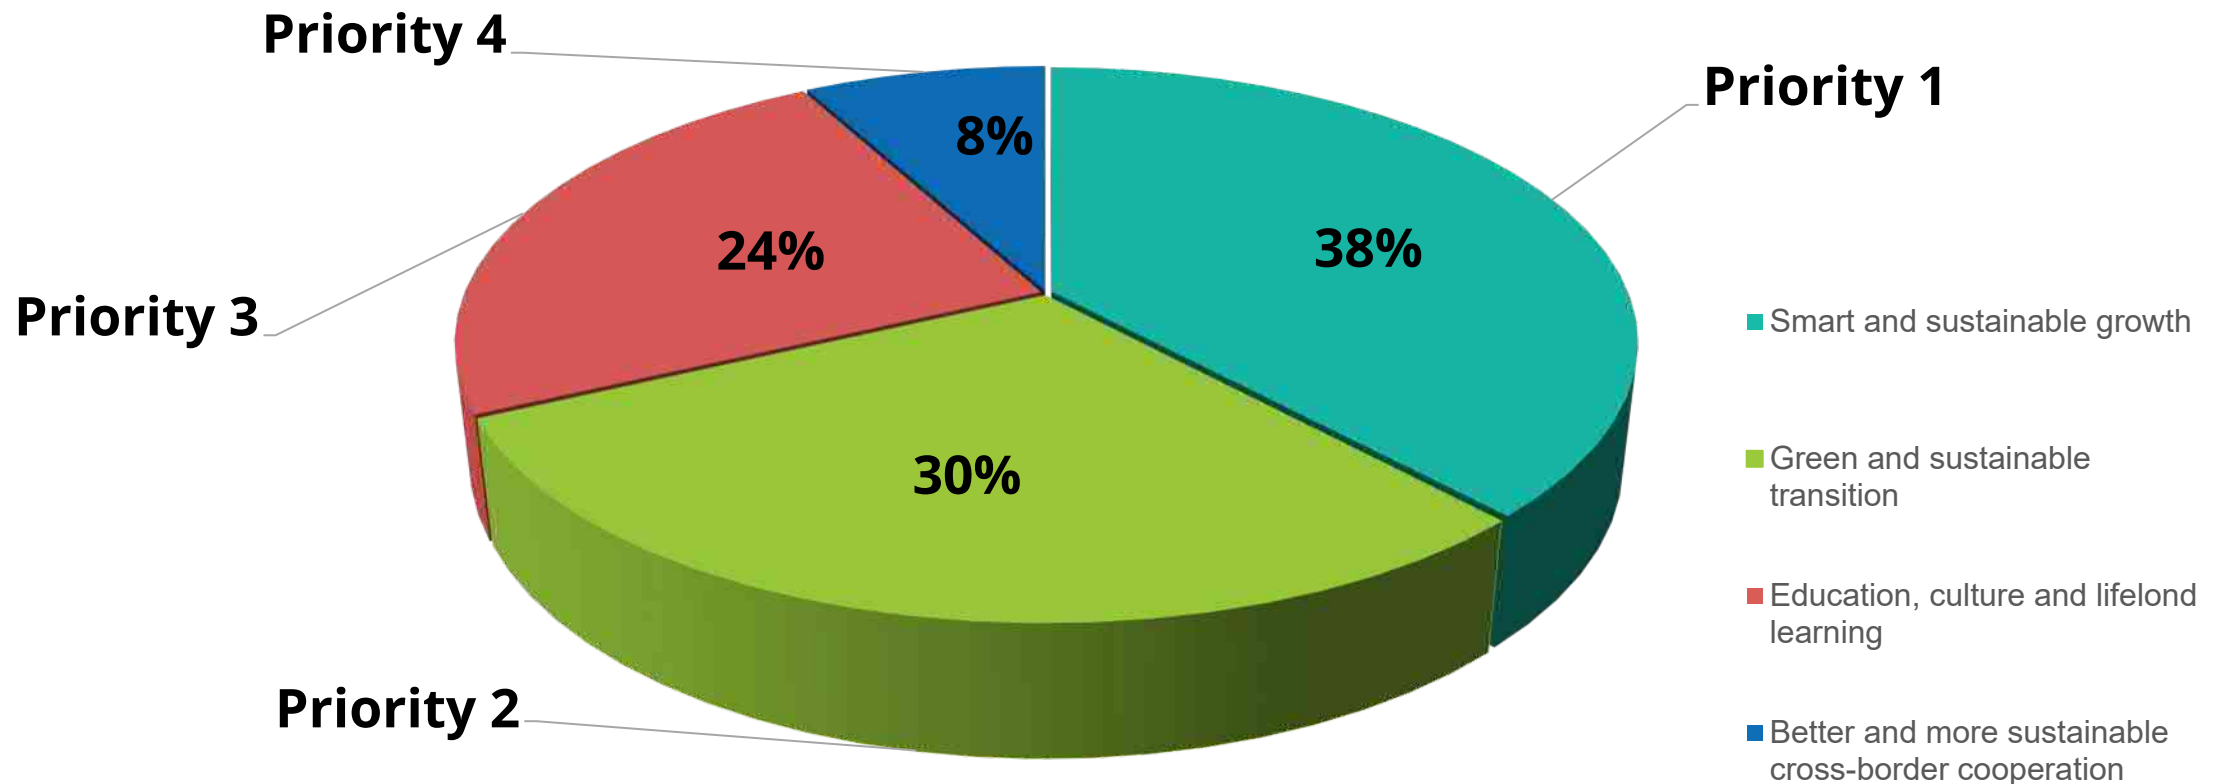

COOPERATION & BEYOND

Specific Objective 4.1 Cross-border cooperation capacity building

- Feasibility studies for large cross-border regional investments
- Cross-border governance projects for better regional functionality and enhancing capacity
- Clustering participation in the Arctic Cooperation
- Data and statistics related to the regions and Sami groups
- Long term statistical solutions
- People to people projects in trust building
- Institutional capacity building

New budget Allocation 205 M€, ERDF appr. 125 M€

Project Types and EU-Financing Rates

Project Types

Small-scale projects

- Lump sums
- Max 20 000 Euro/country
- Duration 6-12 months

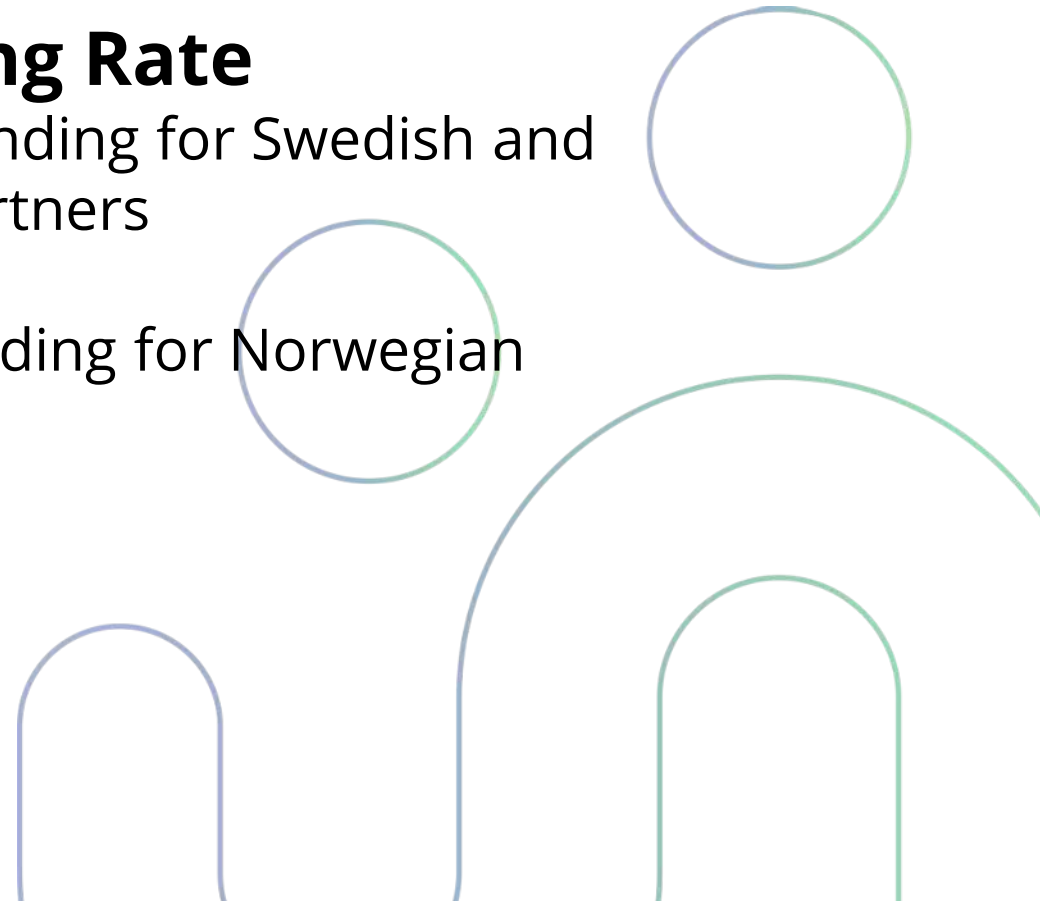

Regular Projects up to 200 000 Euro

Regular Projects over 200 000 Euro

Financing Rate

65% EU-funding for Swedish and Finnish partners

50% IR-funding for Norwegian partners

Aurora

Project type	Budget in application	Reporting	Control of costs	Payments

	Total	55	34 418 867	4 221 158

SMART & BEYOND

1.1 Smart specialisation, research and innovation

Approved projects

16

- Green biobased batteries
- Sustainable electronics based on bioresources
- Virtual nature-interventions within social and health care
- Fossil free autonomous vehicles for material handling
- Recycling of spent lithium-ion batteries
- Arctic 6G
- New energy autonomous technologies
- Unmanned Ground Vehicles and Unmanned Aerial Vehicles
- Value-chains from sustainable hydrogen production
- Metal Additive Manufacturing (AM), steel industries
- Converting organic waste to biogas and fertilizer
- Offshore wind turbines
- Tools for managing PFAS
- Sustainable bio composites
- Industrial logistics in rural areas with 6G
- Organic rest products as raw material for water cleaning

SMART & BEYOND

1.2 Competitiveness of SMEs

Approved projects

7

- Cooperation platform for innovative and sustainable energy solutions of the future
- Cooperation platform in sustainable construction
- Cooperation platform for climate-smart food value ecosystems
- Information security and digital services
- Developing the space economy ecosystem
- Developing and renewing sustainable spice growing in the north
- Digital innovation in the forest value chain

COOPERATION & BEYOND

4.1 Cross-border cooperation capacity building

Approved projects

10

- Create a data collection/base of comparative knowledge of young people in the northern Nordic
- Strengthening the position of the Aurora region within the value chain of battery production and electrification
- Transport, logistics and security of supply
- Developing a more effective health-care system
- A vision for the Nordic waste management
- North Sami helpline – crisis assistance and suicide prevention
- Joint strategies and planning of connectivity, harmonization of education, regulations and attraction of skilled labour.
- New solutions for the future of local communities and municipalities
- Making young peoples opinions heard about their life situation in the northernmost north
- Bridging Youth and Regional Development

Aurora

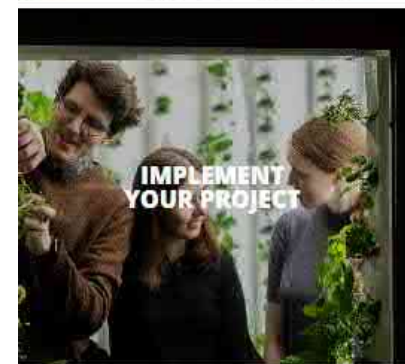

What signifies a good Interreg Aurora project?

- Relevance for the Programme
- Cross-border cooperation
- Sustainable development
- Partnership
- Project logic
- Relevance to target group
- Value for money
- Dissemination of project results

Get prepared!

- A continuous call system for Small-scale projects
- Call 3 for Regular projects 5 September - 10 October 2023 (Prio1.1 closed)
- Call 4 for Regular projects 5 February - 5 March 2024
- One joint application (SE/FI/NO)
- New process for Finnish co-financing
- Simplifications
- Programme Manual
- Tutorials on Youtube
- Early project idea template/project consultation
- Contact the Joint Secretariat for questions

SMALL-SCALE PROJECT

1. A continuous call system.

2. Assessment in Joint Secretariat
- approximately 6-8 weeks.

3. Selection of projects in Steering Committees.

4. Formal decision from Managing Authority
- approximately within 2 weeks after selection.

5. Implementation of project
- normally 6-12 months.

REGULAR PROJECT

1. Specific calls for applications

- Min Ansökan open for approximately 5 weeks.

2. Assessment in Joint Secretariat

- approximately 10-12 weeks.

3. Selection of projects in Steering Committees.

4. Formal decision from Managing Authority

- approximately within 2 weeks after Steering Committee meeting.

5. Implementation of project

- normally 36 months.
