

INTERREG-ohjelmat tulevalla rahoituskaudella

Rahoitusinfo Kainuun toimijoille

Webinaari 17.12.2020

Kehittämispäällikkö Annukka Mäkinen, Kuntaliitto

Lyhyt esittely seuraavista INTERREG –ja alueellisen yhteistyön ohjelmista:

- Interreg Europe
- NPA –Pohjoinen periferia ja arktinen
- BSR –Itämeren alue
- Interreg Aurora (uusi ohjelma)
- I3 –Kansainväliset Investoinnit innovaatioihin (uusi ohjelma)

**Interreg
Europe**

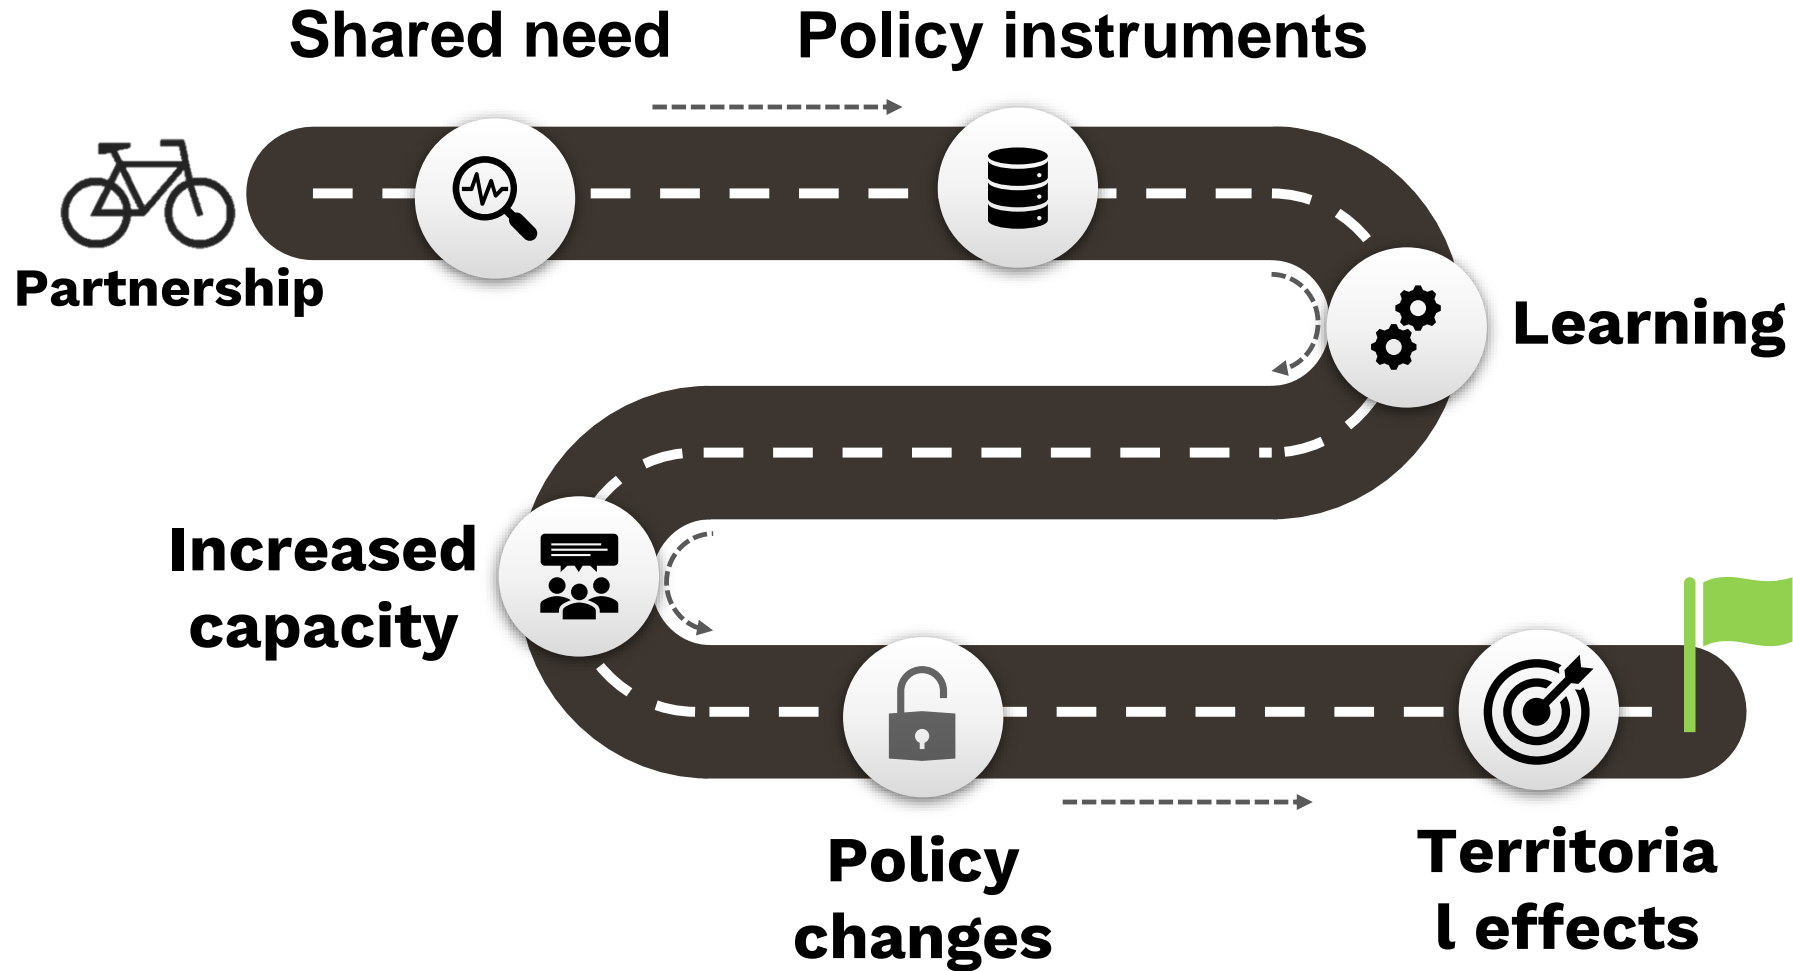

European Union | European Regional Development Fund

Interreg Europe project objective:

To improve through exchange of experience the performance of the **regional development policies** of the participating regions, for example the Investment for Growth and Jobs goal programmes or any other regional policy instruments. This is achieved through the increased capacities of the people and organisations involved in the project.

Logic of project implementation

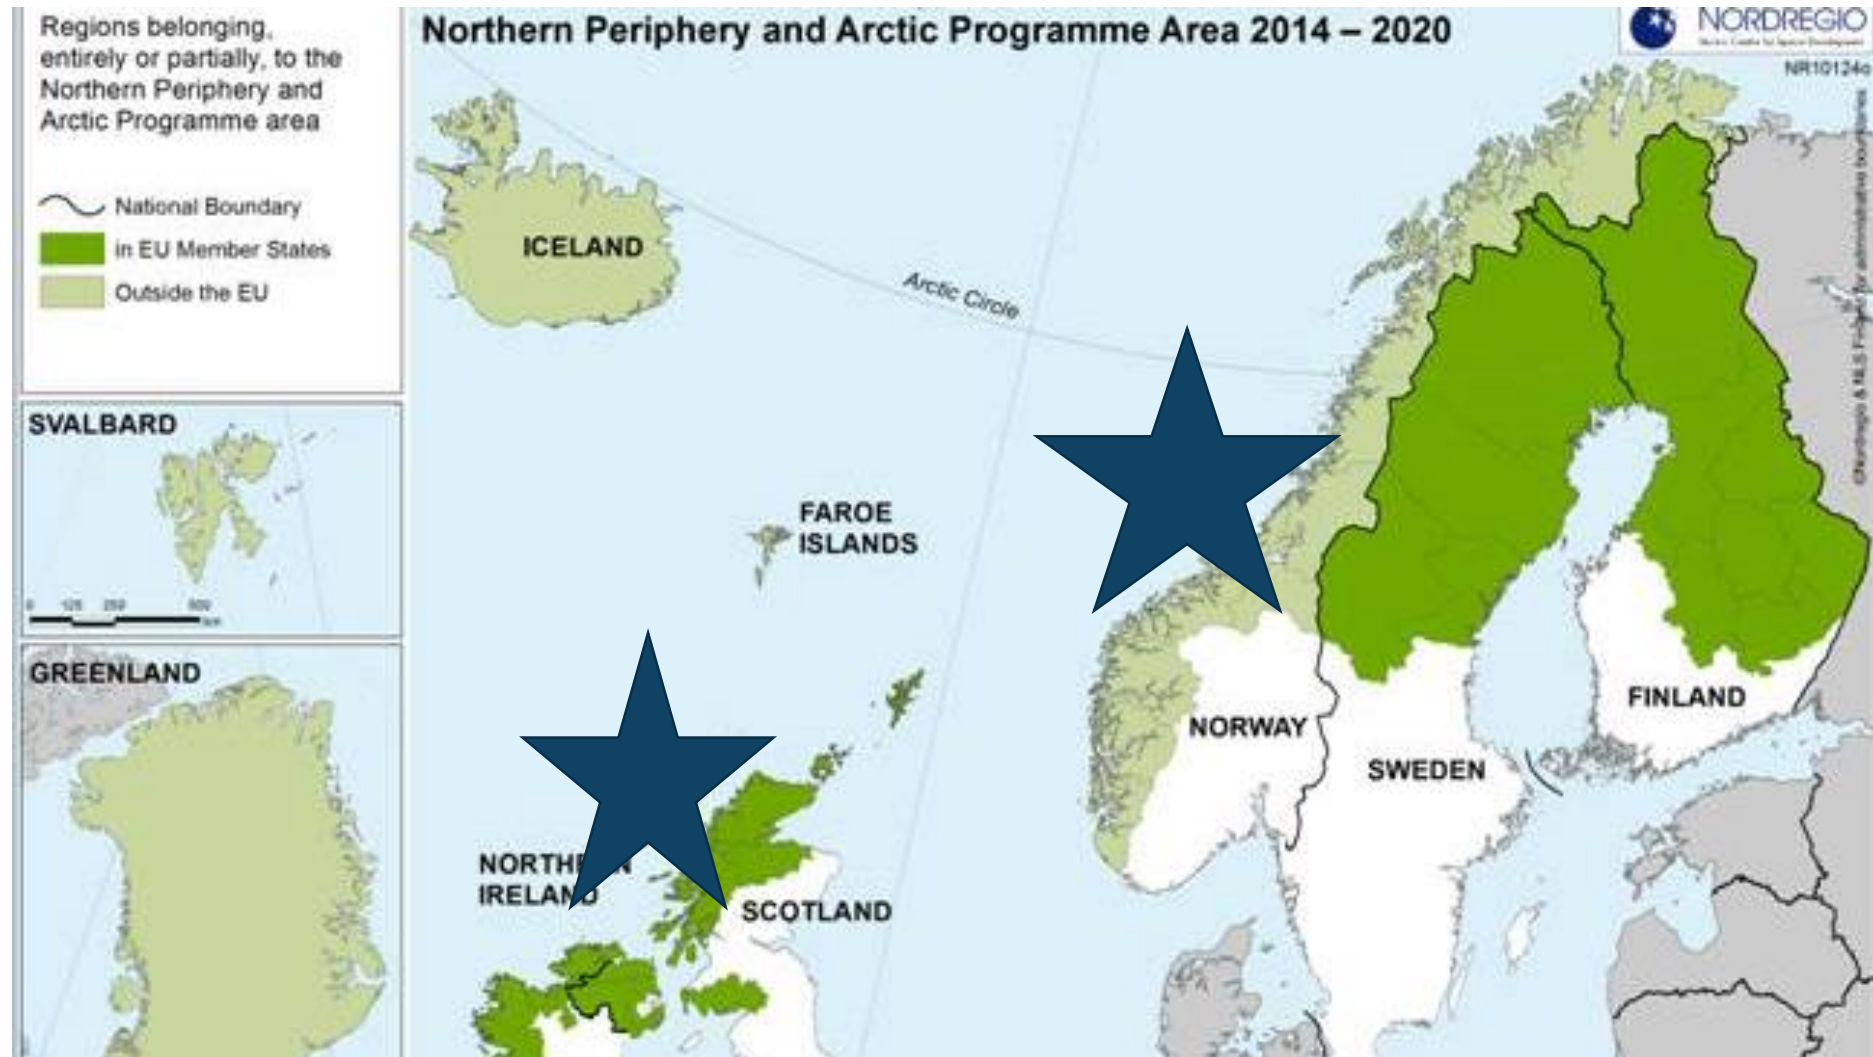

Implementation phases:

- Core phase: Achieving policy improvement through learning
 - Exchanging experiences (mandatory)
 - Testing innovative approaches (optional)
- Follow-up phase: Monitoring policy improvements and their effects
 - Monitoring the first effects of policy improvements and the implementation of the action plans for policy changes (mandatory)
 - Exchanging experiences and testing new approaches (optional)

Policy learning platform:

- to facilitate policy learning and capitalisation of regional policy good practices on an ongoing basis.
- platform offers a range of activities and services for the EU-wide community of regional policy actors and stakeholders. The thematic coverage of the platform activities will reflect the thematic concentration of the programme
 - Expert support to policy learning
 - Good practice database
 - Community of peers
 - Knowledge hub

Pohjoinen Periferia ja Arktinen, (Interreg) Northern Periphery and Arctic

Pohjoinen Periferia ja Arktinen (1/3) - esitys

1. Smarter Europe

- Enhancing research and innovation capacities and the uptake of advanced technologies
- Reaping the benefits of digitalisation for citizens, companies and governments
- Enhancing growth and competitiveness of SME 's

Pohjoinen Periferia ja Arktinen (2/3) - esitys

2. A greener, low-carbon Europe by promoting clean and fair energy transition, green and blue investment, the circular economy, climate adaptation and risk prevention and management

- Promoting renewable energy
- Developing smart energy systems, grids and storage at local level
- Promoting climate change adaptation, risk prevention and disaster resilience,
- Promoting the transition to circular economy

Pohjoinen Periferia ja Arktinen (3/3) - esitys

3. A better cooperation governance
 - Enhance institutional capacity of public authorities and stakeholders to implement macro-regional strategies and sea-basin strategies

Programming and kick-off in 2021

National approval procedures
(April-May 2021)

**Programme approval and
kick-off events/promotion**
(2nd half 2021)

**Endorsement of the Programme
for national approval**
(JPC meeting, March 2021 tbc.)

**Submission of the Programme
to the European Commission**
(mid 2021)

First application round(s)
(end 2021)

Programme area

- ✓ Denmark
- ✓ Estonia
- ✓ Finland
- ✓ Germany
- ✓ Latvia
- ✓ Lithuania
- ✓ Poland
- ✓ Sweden
- ✓ Belarus
- ✓ Norway
- ✓ Russia

Priorities and programme objectives

Priority 1 Innovative societies

- 1.1 Resilient economies and communities
- 1.2 Responsive public services

Priority 2 Water-smart societies

- 2.1 Sustainable waters
- 2.2 Blue economy

Priority 3 Carbon-neutral societies

- 3.1 Circular economy
- 3.2 Energy transition
- 3.3 Smart green transport

Project types proposed for the future Programme

- a) Regular cooperation projects
- b) Project platforms
- c) Projects supporting the EUSBSR governance
- d) Small projects

Small projects – definition

- To facilitate easier access to the Programme and a simplified project implementation
- To attract organisations that are underrepresented, have not participated for a longer period or never before
- To target mainly local and regional authorities as well as NGOs
- To be implemented under certain conditions that differ from regular projects
 - limited budget
 - limited implementation period
 - simplified cost options exclusively

Small projects – set-up

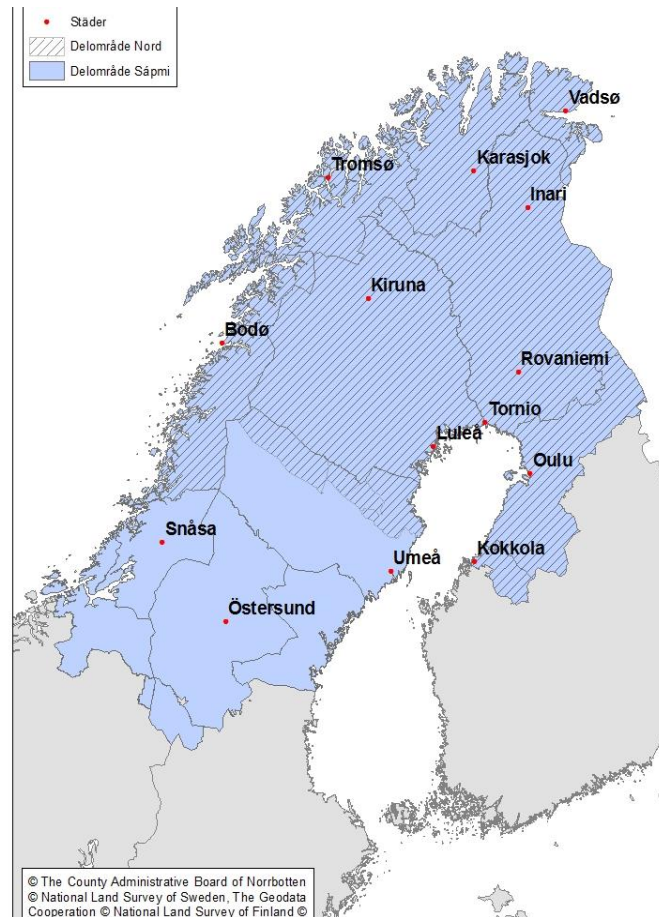

- b) Partnership composition
 - Primarily local and regional authorities and NGOs
 - Newcomers and „absentees“
 - Size: same requirements as for regular cooperation projects
- c) Budget
 - up to EUR 500,000 overall budget for a single project
- d) Implementation time
 - Up to two years
- e) Simplified application and implementation

2. What are the aims for 2021?

- Agreement on programme budget
- Approval and submission of Programme document
- Approval of MCS-Agreement
- Agreement on implementing provisions (= Programme Manual)
- Discussion on application rounds, timeline, assessment criteria
- **Programme kick-off event(s) (virtual – tbc.)**
- **Launch of first application round(s) at the end of 2021**

Nord + Botnia-Atlantica = Interreg Aurora 2021- 2027

**Interregional innovation investments:
I3 intends to support regional innovation stakeholders, well
integrated in the regional innovation ecosystems, providing funding
for mature joint innovation projects organised in value-chain
investment portfolios.**

- **Strand 1** targeting well-developed ecosystems and focusing on the part of the value chains where weakness or market failures are identified (fragmentation, insufficient interconnection, financial or technological gap, interregional valley of death for the uptake of innovative technologies) and a solution could come from the interregional triple/quadruple helix cooperation.

Strand 2 targeting less developed regions and focusing on reinforcing the regional innovation ecosystems, unlocking under utilised capacities, which could reinforce EU value chains.

Kiitos.
